MIZ047>049-053>055- 068>070-075	Midland - Bay - Huron - Saginaw - Tuscola - Sanilac - Livingston - Oakland - Macomb - Washtenaw	19	1045EST 1400EST		0	1			High Wind (MG63)
A strong cold front moved through southeast Michigan during the early afternoon hours of the 19th, producing damaging wind gusts which brought down numerous trees and power lines throughout the region. The highest measured wind gust of 73 mph was reported by a trained weather spotter 2 miles southeast of Bad Axe. Trained weather spotters also estimated wind gusts over 60 mph in Roseville and Shelby Township. On the west side of Saginaw, a large tree fell onto a moving vehicle driven by a 19-year-old man. The man was driving north on South Mason street just south of Adams Street. The driver suffered a fractured skull as a result of the impact of the 50-foot tree with a 3-foot-thick trunk. The tree snapped at its base due to the strong winds. Consumers energy reported more than 3600 customers losing power in the Tri-Cities region, with 15,000 customers in Genesee County losing power. In Detroit Edison's service area, which includes Southeast Michigan and the Thumb areas, about 8000 of its 2.1 millions customers lost power due to the high winds.									
Wayne County	5 NW Detroit	20	2348EST		0	0			Hail(0.88)
Macomb County	.5 W Warren	21	0005EST		0	0			Hail(0.75)
Washtenaw County	2 NW Chelsea	21	1515EST		0	0			Hail(0.75)
